Decking, Fencing, Trellis, Benches, Bridges
Steps, Raised beds, Wood chips, Bed alignment...

Wood chips

What WOOD you like?

TEAK / YAKAL / OKAN / AZOBE / LARCH / CEDAR / VITEX / MERBAU / TALI / PINE (Tr.) / Other..

FILTRA Timber carries a number of species which are very suitable for landscaping projects.

Local Philippines natural wood is banned from logging, and therefore FILTRA Timber is importing LEGAL, SUSTAINABLE alternatives, which may be similar, or even better, and also more affordable solutions.

The species mentioned above are readily available from our inventory alongside our Tanguile alternatives such as Meranti and Okoume.
